ABOUT US

Ever since our company was established in Üzümlü, one of the important gunsmithery centers in the world, in 2004, our mission has been to produce quality products and develop long-term relations with our customers and business partners,

In line with this purpose, our company has succeeded in capturing trust and quality at the same time in a very short time with the support of advanced technology and trained employee. The most important priority in company development planning is given to our corporate relations and customer satisfaction activities,

We believe that being successful in one thing depends on whether you like doing it or not. Therefore, we try to bring together the thing we like doing and our dear customers, knowing that success is never coincidence.

Abdullah Sarı

LUCIFER RNS2 is a first-class blank firing gun that combines reliability and style. With its modern design, this model catches attention while offering top-notch performance in both security and fashion. Its robust and durable structure enhances your sense of security, while its ergonomic design ensures ease of use. With its superior firing mechanism and precise sights, it allows you to achieve your target with perfect accuracy. LUCIFER RNS 02 is ideal for all types of use. Whether for personal defense or professional purposes, it's the perfect choice for those seeking a reliable option.
